## DESERT CORRIDORS

November 16, 2017 - February 7, 2018

Opening Reception: Thursday, November 16, 2017 - 5:30 - 8:00pm

Man-made crossings and waystations, desert washes, and riparian areas are all corridors that offer mammals, reptiles, insects, and birds passage to new habitats over land, by water, and through the air. These corridors become super highways through inhabited and uninhabited terrain. Not found on any road atlas, these routes, hopefully safe and preventing collision, connect creatures of all shapes, sizes and species to new horizons.

**DESERT CORRIDORS** begins with what we can see along the path, and continues into the realm of what we can't; bigger ideas of migration and immigration, and concepts of metaphoric consequence that try to answer the age old questions: Where did we come from? Where are we going? And, How do we get there?

Artists are asked to contribute works of art that try to answer these questions and that offer proof of how we move through this world and how the world moves around us. The possibilities are endless. Artists from the region are invited to submit 2-dimensional or 3-dimensional works in any media for consideration in this juried exhibition.

### Submission Guidelines

#### Size/Media

Up to 3 completed works of any size, and in any 2 or 3-dimensional media may be submitted. All work must be ready to display and/or framed for hanging. Any accepted work that is not in keeping with the original submission and/or is not properly prepared for exhibition (following guidelines for matting, framing, and hanging hardware) will not be exhibited. Please feel free to contact the EXHIBITS PROGRAM at Tohono Chul if you have any questions about submissions involving alternative media or the guidelines for the presentation of artwork – [khayes@tohonochul.org](mailto:khayes@tohonochul.org).
